Each month of the school year is a Group Christian Service emphasis as well as 2 individual Christian Services for the students. Through the course of the year, students will have 27 different chances to participate in Christian Service opportunities either individually, with their small group as well as the larger youth group as a whole.

Youth Leaders will be meeting weekly on Tuesday evenings throughout the year to pray for the students, discuss ministry, and continue moving Unity Student Ministries forward! We are excited to serve the youth this year and partner with you as we **"Lead by example...that others may follow!"**
